Resolution adopted-

1) The house is unanimously deciding that our college is going to organize the second cycle of NAAC, keeping that in mind we have to prepare an action plan for 2022-23, it is decided in this meeting what action plan will be taken, the following is discussed, what are the issues we are emphasizing - Especially the action taking plan that the NAAC Peer Team has given as recommendation, we need to move forward to address potential issues. So the following activities should be done as soon as possible-

a) Academic calendar- Souvik Kundu is requested to prepare an academic calendar, according to which we will take forward the action plan. b) Completion of Financial Audit- Teachers-in-charge is requested to complete the financial audit of our college by Govt. auditor as soon as possible, because without financial audit it (NAAC) cannot be done. Sabirul islam and Sahina Begum are requested to complete the petty Cash(Manual cash) book and send to A. Mondal (CA) for internal audit.

c) Improvement of Students- Every department is requested to start student-seminars or their special lectures in order to improve students' skills and continue the internal assessment as before. d) Academic audit may be initiated if possible. e) Beautification of the College Campus- the, Teachers-in-charge is requested to take initiative for beautification of the open spaces in front and inside our college and to make a garden for medicinal plants. And also requests to NSS units to keep the campus clean and plastic free.

2) Solar power (Grid connected Solar PV power, capacity-10kWp, Govt. of West Bengal and Ministry of New and Renewable Energy) had installed in our college in 2017 (Date of commissioning), but due to the problem of connection of solar power energy with West Bengal Vidyut Nigam energy, we have to pay electric bill as before, according to peer team use as little electricity as possible if the college has alternative solar power, so the college authorities are requested to do so with solar power energy, making proper arrangements for West Bengal Vidyut Nigam's energy to be adjusted, addressing the issue of meter reading, will save our electricity bills, which is a positive aspect of sustainable development(Renewable Energy).

3) The issue is discussed, in order to solve the problem of feedback in our college and to solve the problem effectively, our college teacher David Das is requested to take appropriate measures to do the work, the feedback should not only be taken by the students but also by other stakeholders such as alumni, Parents or employees or other faculties, should also take feedback, and submit it to the Teachers-in-charge, the Teachers-in-charge will take appropriate action.

4) The recommendation for quality of the Institution by the NAAC Peer team is thoroughly discussed by the house, and resolves that we have done most of the recommendation, but we try to complete the rest activities, emphasis on more use of ICT, audio-visual teaching aids should be provided, canteen facility, provide to the students and staffs, training opportunities for non-teaching, book bank facility to the students, establishing language Labs, add-on diploma/certificate course, and resident quarters for staff etc. but to build hostel for boys is not necessary as time has improved the communication system in the region, there is no need for boys hostel anymore, but to finish the rest activities as per the recommendation by peer team, Teacher-in-charge be requested to move the said matter and also request to renovate our guest room.

5) The present(new) admitted students are completely ignorant or have no knowledge about the CBCS Curriculum/syllabus prescribed by the University of Burdwan, so the college authorities are requested to conduct an orientation program for the students for one or two days, accordingly. For taking specific dates, these decisions should be taken in the Teachers' Council meeting.

6) The coordinator of IQAC, Debadin Bose is requested to resolve the issues regarding promotion of some professors. The Teachers-in-charge is requested to resolve the issues related to the promotion of professors as soon as possible.
