But every teacher is requested to send instructions on whatsapp group to make students aware about corona virus, which instructions are constantly being circulated by government offices. Parent-Teacher meetings can be organized if required. In this pandemic situation, the studies of the students have been severely disrupted; the college authorities will take appropriate measures to ensure that the students' mental condition is good as well as their studies. The college authorities are requested to maintain proper hygiene in the college once the lockdown is lifted, to ensure that the government instructions are followed properly. our college website for the benefit of students. This will benefit the students as well as the teachers will get marks for their promotion CAS). Every teacher should make sure that the students know the guidelines that Burdwan University is constantly sending. The college librarian is requested to help the students as much as he can in this lockdown apart from studies, to monitor the students. Till now all the teachers who could not open whatsapp group for new students, the house requests them to create whatsapp group very soon and start classes for students, except one or two teachers, many have already started classes hopefully. But unfortunately, some students of the village are not able to take classes online because the condition of the mobile tower there is very bad, and many of them do not have mobile phones or Android phones. However, teachers are being asked to adopt different methods to complete the syllabus to benefit the students. The WhatsApp number of every teacher is given on the website of our Kabi Nazrul College. Hopefully, every teacher has informed the students. Every teacher is asked to supply e-materials or notes to new students.

As there is no agenda to discuss, the meeting ends with vote of thanks to and from the chair.
