ABOUT THE COLLEGE

Kabi Nazrul College, NAAC-accredited, established in 1985 and affiliated to the University of Burdwan, is located in a socio-economically backwards Murarai constituency in Birbhum district of West Bengal, India. This college, the sole institute of higher education in the said constituency, has been playing a catalytic role in the area's educational, socio-economic, and cultural development since its inception.

The Department of Botany takes immense pride in announcing a National Seminar on "Biotechnology for Sustainable Environment: Present and Future", generously funded by the ANRF.

ABOUT THE SEMINAR

This seminar aims to serve as a dynamic platform for eminent researchers, scholars, and academicians from across the country to share their latest scientific insights and innovations in biotechnology. It will allow for the exploration and exchange of ideas on cutting-edge technologies and their potential applications in ensuring environmental sustainability.

By fostering meaningful interactions between established experts and emerging researchers, this academic gathering aspires to inspire collaborative thinking and contribute to advancing knowledge for a more sustainable and resilient future.

Themes:

- Environmental Science
- Microbial Biotechnology
- Nanobiotechnology
- Gene Editing for Smart Farming
- Bioremediation of wastes
- Bioenergy
- Sustainable Agriculture and Health
